Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

On June 19, 2017, at approximately 4:57 p.m., Officer 1 and his partner Officer 2, answered a call regarding the subject shooting into a house into the 10700 block of Eastham Street. Officers interviewed the occupants of the house and learned they were inside when bullets penetrated the home and nearly hit them. The occupants told officers the subject lived 2 houses down and most likely shot into their house because he is known to randomly shoot his weapon in the neighborhood.

As officers approached the front of the subject's house, they could hear a disturbance going on inside. They could hear the subject and Witness, the subject's common law wife, arguing. A baby could also be heard. Officers approached the front door, and Officer 1, who was in front, announced "police". The disturbance inside ceased and it was quiet. At this point, Officer 1 began issuing orders to the subject to drop his weapon. Officer 1 was outside the front door using the door frame as cover, the subject was inside the house. The subject refused to comply with the verbal commands and Officer 1 fired his weapon, striking the subject. The subject was transported to Baylor Hospital where he died. The subject's handgun was recovered at the scene. The witness had multiple injuries the subject had inflicted on her prior to officers arrival. Neither she,

nor the baby, were injured in the shooting. No officers were injured.

The witness had been assaulted by the subject prior to officers arrival. Both her and the baby's lives had also been threatened by the subject. The witness and baby were not injured in the shooting.
