Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

February 19th, at 16:27, a traffic stop was conducted in which two adults were arrested for intent to deliver a Penalty 1 drug. The subject of this report was brought into the intake vestibule of the municipal jail at 17:43. At time of book in, the subject exhibited no symptoms that would indicate need for medical attention or that the subject was not suitable for confinement in the facility. While at the jail, she was visually observed at 4:45 and moving as normal. A detention officer went to wake up the subject at 5:17 for breakfast. The subject did not wake up, and medics were called. A detention officer delivered 2 doses of narcan in an attempt to reverse potential drug affects, knowing that the subject had been charged with intent to deliver a Penalty 1 drug. Two police sergeants preformed CPR, keeping the subject alive until paramedics arrived to transport the subject to the medical facility.

At the medical facility, a CT scan of the subject was preformed. No objects were found. Subject was put on life support and was determined deceased on Feb 26th. Time of death will be updated upon receipt of autopsy results.
