Attempt gain possession officer's weapon:	No		

Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint:	No

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

Deputies were dispatched to 150 Valleywood to an area hotel property where a male was reported to have been trespassing on the property after he was made to leave and a criminal trespass warning was issued against him for that property during a call for service earlier in the day. The caller reported that this same person was seen pointing a handgun at some minor children nearby. Upon arrival of the first officer, the male, identified as Charles Krumm, was ordered to place his hands behind his back. The officer noted on body cam video that the male was armed and what appears to be a pocket knife can be seen stickling out of the top of his right front pocket. The male refuses to comply and the officer attempts to take the male into custody. The officer deploys her taser device but is still not able to take the victim into custody. As the victim continues to flee from the first officer and resist efforts to detain him, the second officer arrives at the scene. The victim runs to an area where his personal affects are lying on the ground and picks up a handgun contained in a

small black felt bag and continues to flee from both officers. The second officer deploys his taser device against the victim but it is also ineffective. The victim continues running from both officers and is seen on body worn camera putting his hands together as if to make the pistol ready to fire by taking it out of the felt bag. As the victim continues to flee the second officer while looking back at him and making furtive movements with his hands on the pistol, the second officer draws his firearm and discharges it twice in the direction of the victim. At this point, the victim collapses to the ground and remains in this position as officers on scene first secure him and the weapon he was carrying, and then begins to administer first aid. The victim is later pronounced deceased after EMS arrives and takes over the care.
