Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

Officers were dispatched to the residence for a male who was wielding a large kitchen knife and threatening harm to himself. Officers made contact with the reporting parties and learned that the 21 year old male was still in the house near the front door and armed with the knife. Officers learned that the male had several mental health diagnoses and requested a mental health deputy to the scene. Officers made contact with the male just inside the front door and attempted to get him to drop the knife and speak with them. After not having any success with several attempts, officers backed up and left the male inside the front door while speaking with him from the front yard. Officers obtained less lethal and ballistic shield equipment and attempted to make contact with the male once again with the intent on gaining compliance or introducing less lethal measures to gain compliance. Officers entered the residence and attempted to deploy pepper spray on the male to gain compliance when he emerged from an adjacent doorway just inside the home and ran at the officers with the knife still in his right hand. One officer discharged his duty weapon three times as the male ran directly at him. Officers transitioned to delivering emergency medical attention and did so until EMS arrived. Male was pronounced deceased at the scene after EMS was not able to revive him.
