Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

On 2/6/2025, San Antonio Police Officers located a stolen vehicle in the Downtown area. Upon broadcasting the vehicle information and location, a covert detective in an unmarked vehicle observed the vehicle and attempted to use a “stop stick” to deflate a tire and disable the stolen vehicle since the Downtown area commonly has numerous pedestrians and traffic congestion. The operator of the stolen vehicle, the first decedent, observed the detective and drove away from him, puncturing a front tire on the stolen vehicle. The decedent then struck a citizen’s car as the decedent fled from officers in the stolen vehicle. The decedent also

struck a police vehicle and then drove the wrong way, in reverse, on N. Flores street to evade officers. When the decedent came to Commerce Street, the stolen vehicle struck a street pole and narrowly missed striking several citizens. Officers attempted to block the vehicle to prevent the continuing threat to the public; however the decedent continued to evade and drove around the police vehicle and toward an officer who was giving commands to stop the vehicle. Two officers fired at the decedent to stop the threat posed to the officer and the public. The decedent and passenger, the second decedent, were struck by the gunfire. The vehicle crashed into a building a short distance away. Officers removed both decedents from the vehicle to provide medical aid, however, both occupants would succumb to their injuries and be pronounced deceased.
